RUTHLESS BUTCHERY OF JEWS IN CITY OF ODESSA

Mobs Thirsting for Blood Slaughtered or Maimed Them by Hundreds.

QUARTER WRECKED

Entire Section Occupied by Jews Devastated and Pillaged.

CARNIVAL OF MURDER AND DESTRUCTION DYING DOWN BECAUSE OF LACK OF MATERIAL ON WHICH TO PREY--PROVISIONS OF IMPERIAL AMNESTY PROCLAMATION.

By Associated Press.

Odesa, Nov. 4.—It is believed that the worst is over. Owing to the mobs being satisfied with the two days carnival of murder and destruction by flames, the revolt against law and order is dying down, partially, perhaps, because of lack of material upon which to prey.

Almost the entire Jewish quarters have been devastated and pillaged and their inhabitants have either been killed or wounded or have sought refuge in other sections of the town. The whole fury of the mob was directed unchecked against the Jews during the first demonstration over the emperor's manifesto and the sudden acquisition of "freedom." Tens of thousands of men who had hated Jews through generations became drunk with a desire for Jewish blood, swearing at the Jewish sections of the town and killing for the very joy of killing. In some instances military aided instead of preventing the work of vengeance and fury which culminated yesterday in the quarters mentioned.

Every Jew, man, woman or child who was caught was slaughtered. The methods employed in the work of butchery are too revolting for description. Before this morning's dawn the material had become exhausted and the men, who had for the moment become beasts, left the wrecked sections of the city and though sullen, were easily driven back before the rifles of the infantry.

A trip of investigation this morning over the Jewish quarters confirmed the stories of horrors and devastation. Some mutilated bodies of women and children were still unmoved from the deserted streets. The number killed probably never will be known, but the wounded number over fifty-six hundred.

SPECIAL MANIFESTO GRANTING AMNESTY

St. Petersburg, Nov. 4.—The imperial manifesto, granting amnesty to prisoners, which was signed by the emperor yesterday, gives a free pardon to political prisoners of various descriptions, which are enumerated, also to participants in strikes and those responsible for breaking contracts. Pardon extends to those now in prison, to those not yet tried or on whom sentence has not been pronounced. Persons convicted of crimes committed more than ten years ago are to be released and will be sent to Siberian colonies. Those now colonists there will be allowed, after four years, to choose residences, but will be prohibited from living in St. Petersburg or Moscow for three years. Convicts not under these categories have their sentences reduced one half and life prisoners get a reduction to fifteen years imprisonment. Those condemned to death will be commuted to fifteen years at hard labor.

FOOTBALL

By Associated Press.

New York, Nov. 4.—Following are the scores in the principal football games today:

Virginia Polytechnic 11; University of Virginia 0.
Yale 53; Columbia 0.
Harvard 25; Carleton Indians 11.
University of Pennsylvania 6; Lafayette 6.
Annapolis 11; Pennsylvania State 5.
Sweatmore 14; Cornell 0.
Dartmouth 6; Princeton 0.
Alabama 36; Georgia 0.
Georgia Technical 45; University of Tennessee 0.
South Carolina College 6; Davidson 4.
Brown 27; Syracuse 0.
Holy Cross 9; Amherst 0.
Vanderbilt University 24; Auburn 0.
Kentucky University 24; Central University 0.

QUARANTINE HAS BEEN MODIFIED

Parties Residing Within a Radius of Five Miles of the City of Pensacola Can Enter and Depart Exclusively on Business.

CERTAIN HOURS MUST BE OBSERVED, HOWEVER—HARBOR RESTRICTIONS HAVE ALSO BEEN MODIFIED BY THE ORDER ISSUED LAST NIGHT.

The following bulletin was issued last night from the office of the State Board of Health, which modifies the quarantine restrictions against the city and also the harbor. This order allows persons residing within a radius of five miles to enter and depart between certain hours on permits issued from the office of the state board:

Executive Office, State Board of Health of Florida, Pensacola, Florida, November 4th 1905.—Modifications of quarantine restrictions—Bulletin No. 22.

The quarantine restrictions against the City of Pensacola, Florida, imposed under authority of section No. 769, Revised Statutes, amended by Chapter 4348 of the Laws of Florida, passed September 4th, 8th, and 19th, are hereby modified as follows:

1. Persons residing out of the limits of the City of Pensacola and within a radius of five miles of the City of Pensacola, will be permitted to enter and leave the City between the hours of ten A. M. and 5 P. M., on permits to be issued from the office of the State Health Officer. It must and should be understood however that no permits to enter or to leave the city will be issued for pleasure purposes solely, and will be limited strictly to those who have business in the city or who have established nearby homes without the city, as the object and purpose of this modification of quarantine restrictions is to re-establish business intercourse with the immediate surrounding country under reasonably safe conditions.

2. Captains of vessels lying in the harbor and along the docks of the city are permitted to come up and into the city for the purpose of transacting business between the hours of 10 A. M. and 5 P. M. This concession of quarantine regulations applies to masters of vessels alone and not to crews.

3. Freighters and boats carrying produce of any kind, formerly plying between the City of Pensacola and points on the upper bay and sound are permitted to resume their trips, provided, that they time their arrival at Pensacola after 8 A. M., and leave the city the same day before 5 P. M. Loading and unloading of freight and the stay of freighters in the harbor and at docks must be under the supervision and direction of Lieutenant Alexander of the U. S. Revenue Cutter Service, who is in charge of the water-patrol of the harbor and bay of Pensacola. Captains of freight and mail boats will be permitted to come up and into the city to transact business, but the crews are required to remain on board.

4. Freight and mail boats are forbidden to take passengers from Pensacola without written permission of the State Health Officer over his own individual signature.

5. The steamer "City of Tampa" will be permitted to make daily trips to Milton under the provisions of section 4 of this bulletin.

6. Persons from the country coming into the city under the provisions of this bulletin are requested for the present not to enter homes or residences, and when bartering commodities to remain out side of buildings used as dwellings. Visiting city homes by those from the country districts should be discouraged for the present both by would-be host and guest.

7. Any violation of the provision of this bulletin will cause a permit issued under the terms thereof, to be revoked.

JOS. Y. PORTER,
State Health Officer.

THE CAMPAIGN IN MARYLAND

By Associated Press.

Baltimore, Nov. 4.—The main issue of the Maryland campaign, which practically closed tonight, is the proposed constitutional amendment the avowed purpose of which is to disfranchise the illiterate negro voters. The amendment provides that to be qualified to vote a person must be "able to read any section of the Constitution of the state submitted by the officers of registration and give reasonable explanation of the same to the registration officer."

The provision will be vigorously opposed by a large number of Democrats.

GREAT INTEREST IN NEW YORK ELECTION

Party Lines Broken and Each Candidate Drawing from the Others in Race.

WIDE POSSIBILITIES INVOLVED HAVE ADDED ELEMENT TO NATIONAL INTEREST—\$1,000,000 WILL BE WAGERED IN WALL STREET.

By Associated Press.

New York, Nov. 4.—No municipal campaign in recent years has aroused greater interest throughout the country than that which will be concluded in greater New York on Tuesday of next week.

The fact that party lines have evidently been broken down and that each candidate will draw more or less largely on the strength which logically belongs to his opponents makes it close and at once unique and exciting. The wide possibilities involved in the issues have added an element of national interest such as has not marked any preceding local elections.

One feature of the campaign is the interest Wall Street brokers have manifested in the betting, which today favored McClellan for Mayor and Jerome for district attorney. It is estimated that all of fifty million dollars will be wagered in Wall Street.

All of the candidates are claiming the election.

OLD PARTIES FUSE IN SAN FRANCISCO

By Associated Press.

San Francisco, Nov. 4.—For the first time the Republican and Democratic parties have combined in the nomination of a municipal ticket here. The fusion candidate for mayor is John H. Patridge, who is opposed by Eugene E. Schmitz, the present mayor, who is running on the Union Labor ticket. The odds among the betting men are 7 to 10 in favor of Schmitz.

ROTTEN TAMMANY SCHEME FOILED BY POSTMASTER

Thousands of Scurrillous Postal Cards Representing Hearst as an Anarchist Confiscated at New York.

By Associated Press.

New York, Nov. 4.—Thousands of Tammany postal cards opposing William R. Hearst, candidate for mayor were confiscated by order of Postmaster Wilcox. The cards were a miniature of a campaign poster and banner which has been widely distributed by Tammany. It bore the likeness of President McKinley above a red bomb. In the background the fleeing figure of a man is labeled "Hearst."

It bore the inscription, "Lest We Forget" and contained alleged extracts from one of Hearst's papers. It is reported at the postoffice that 361,000 of these cards were seized. Postmaster Wilcox's action is based on the law providing that no scurrillous matter may be sent through the mails on post cards. Mr. Wilcox said that further action in the matter would be taken by the Washington authorities.

AFRICA IS THE COUNTRY FOR THE NEGRO

Well Known Colored Preacher Says They Must Return There to Secure Political Rights.

By Associated Press.

Birmingham, Nov. 4.—"The negro had just as well get ready to leave America as ever expect to have political rights. This is not a negro's country, and if he would be anything he will have to go to his native land. I believe in the future of Africa, and that is where my people will have to eventually go."

Rev. William H. Heard, D.D., of Atlanta, secretary of the Proclaimers of Africa Society, and ex-minister to Liberia, made the above declaration to the North Alabama conference of the African M. E. Church tonight in a lecture on Africa.

NEW ORLEANS HAS BIG FIRE

By Associated Press.

New Orleans, Nov. 4.—The David Bernhart and Co. paint store on Canal street was destroyed by a fire tonight which threatened the heart of the business district. The loss is \$75,000.

ONLY ONE NEW FEVER CASE REPORTED

Confidence Expressed that Pensacola Affliction is Nearly a Thing of the Past.

35 BEING TREATED

Fumigation Crew Has Been Reduced to Only Ten Men.

ONE DEATH OCCURRED DAY PREVIOUS TOO LATE TO BE INCLUDED IN OFFICIAL BULLETIN FOR FRIDAY—DR. ANDERSON IN CHARGE DURING ABSENCE OF DR. PORTER.

Following is the official summary of the yellow fever situation up to last night:
New cases 1
Total to date 556
Deaths yesterday 1
Total to date 79
Cases discharged 492
Cases under treatment 35

Much encouragement is afforded Pensacolians in the yellow fever report compiled at the office of the State Board of Health last night. The report shows only one case and one death.

The report of last night, in view of the fact that the number of new cases has been constantly on the decrease for the past week, gives encouragement and confidence to every one in Pensacola, and especially to the physicians who have worked hard and unceasingly in the effort to check the spread of the disease. That they have succeeded is shown by the report of last night.

The One Case.
The one case reported is that of Donald McLellan, Jr., son of Mr. and Mrs. William McLellan, residing at No. 1214 East Jackson street. The patient is only a few years of age, and was taken ill several days ago.

The Death.
The death reported was that of G. B. Morasso, of No. 217 North Reus street. His death occurred Friday night but after the official report had been compiled. It was mentioned, however, in The Journal of yesterday morning.

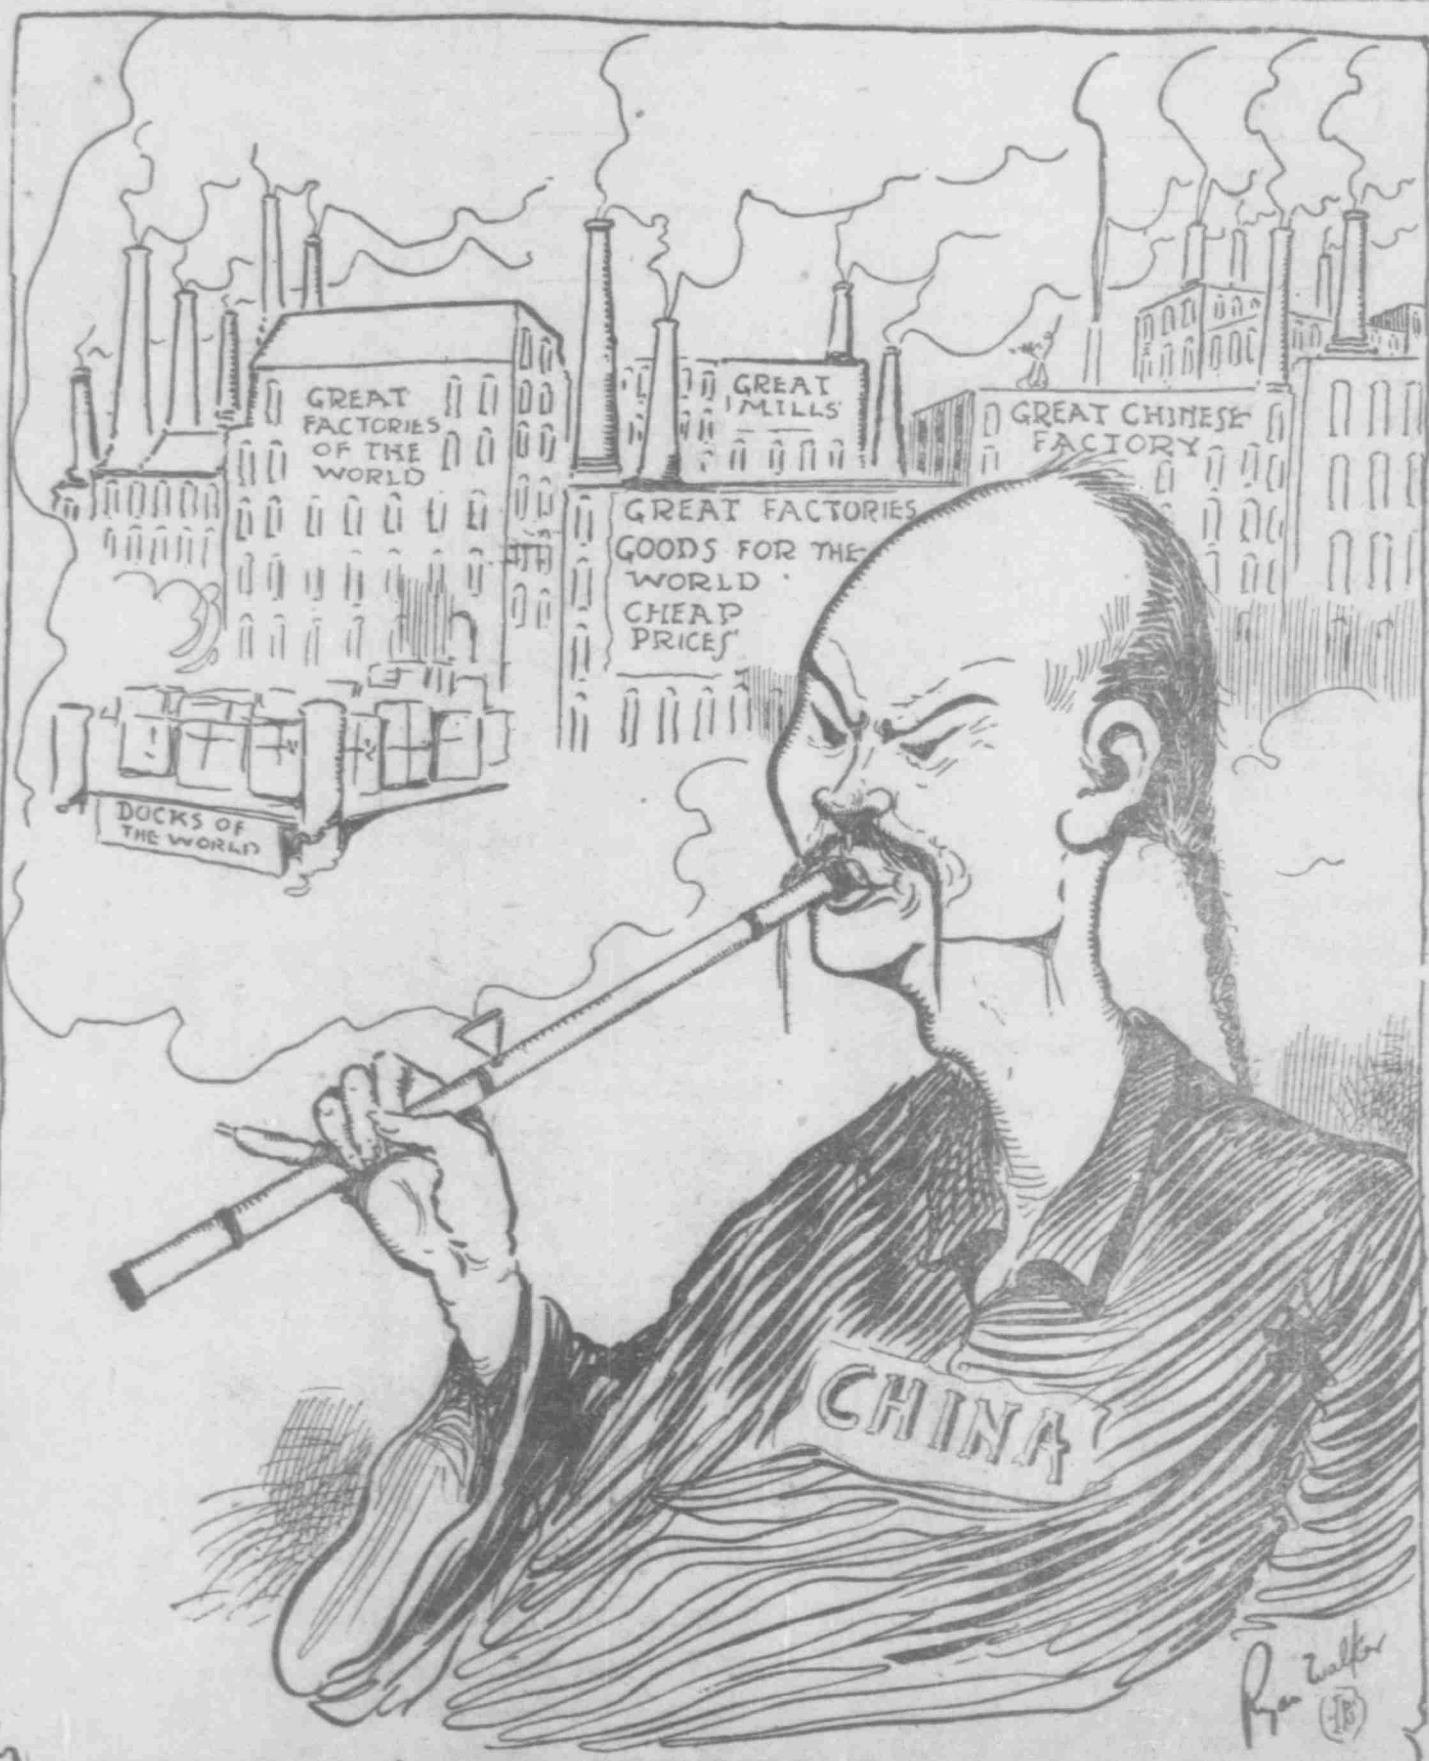

Dr. Anderson in Charge.
Dr. Warren E. Anderson, agent of the State Board of Health, is in charge of the situation until the return of Dr. Porter, who left yesterday at noon for New Orleans on official business. Dr. Anderson will remain in charge until the return of the state health officer, who is expected to reach here to-night or to-morrow morning. Dr. Anderson is of course assisted by Drs. Byrd and Hargis.

One Hundred Men Off Duty.
One hundred men, who had formerly been in the employ of the board in doing fumigation work, were let out yesterday afternoon, the fumigation corps having been reduced to ten men. Since it has been found that the fever is almost a thing of the past the fumigation work will be gone only in infected residences and those contiguous thereto, and it is believed that ten men can easily handle the small number that will have to be fumigated. Over three thousand places have been fumigated by the men under the direction of Drs. Kennedy and D'Alemberte during the past four weeks, and this number comes very near covering the entire city.

Only Thirty-Five Cases.
Last night there were only thirty-five cases under treatment in the entire city. A few weeks ago, or on October 13, there were 186 cases that were being treated, showing the effective work of the officials.

No Labels for Houses.
A rumor, which gained circulation where many of them start, was heard yesterday afternoon. It stated that hereafter all houses which had been fumigated would bear the label, "Fumigated." This is not true. The labels were printed for the purpose of placing them on cars of freight leaving Pensacola, which has been the case during the past two months.

Porter to New Orleans.
Among the passengers to leave yesterday was State Health Officer Porter. His destination was New Orleans, where he goes upon official business. He expects to return to the city Sunday night or Monday morning.

Will His Pipe Dream Become a Reality?
